

I Vote Where I Live

Who we are

- a movement that makes EU-citizens engage with Brussels local politics
- members and supporters of European socialist parties in our own EU countries
- progressive values and love for the city that we decided to call our home
- first and foremost Brusselers

Our aim

to remedy the democratic deficit due to the low participation in local elections

Get to know us

All European Brusselers are welcome to connect with us, share their views and help us to get more citizens involved into the local politics of Brussels.

I VOTE
WHERE
I LIVE

Unlock your **voting** power

There will be local elections on October 13th. One in four Brusselers is a EU-citizen and has the right to vote in the local elections.

Register to vote by 31st July 2024

Why should I vote?

Because it affects you too

Local elections directly affect your daily life. The mayor and the city council decide on

- urban renovation
- mobility
- housing
- education
- culture
- taxes

Because your voice matters

It's only fair that local politicians listen to the voice of all their residents. Which leads to better politics.

Because you have the right

You and no one else will choose what your municipality will look like. That is why it is important that you vote.

Use your voice and register!
